

K2016

Dear Sirs,

We thank you for visiting us at K2016 and for the interest shown in our products.

We are very satisfied of great success having had more than 600 visitors at our booth!

Thanks to the strategic partnerships we develop with our customers during the design process, we are able to provide a high level of technical advice, in order to achieve the best solution for any type of injection requirement, thus optimizing the process and tool costs.

Get a complimentary consultation on your injection process with one of our experts.

You will be welcomed again at the next exhibitions in 2017!
