Example of order: **FLH 6 24 146-1DW-12/S004 -JG**

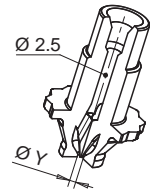

Bestellbeispiel:

If non specified, grounded thermocouple is provided.
Wenn nicht spezifiziert, wird der geerdete Thermofühler geliefert

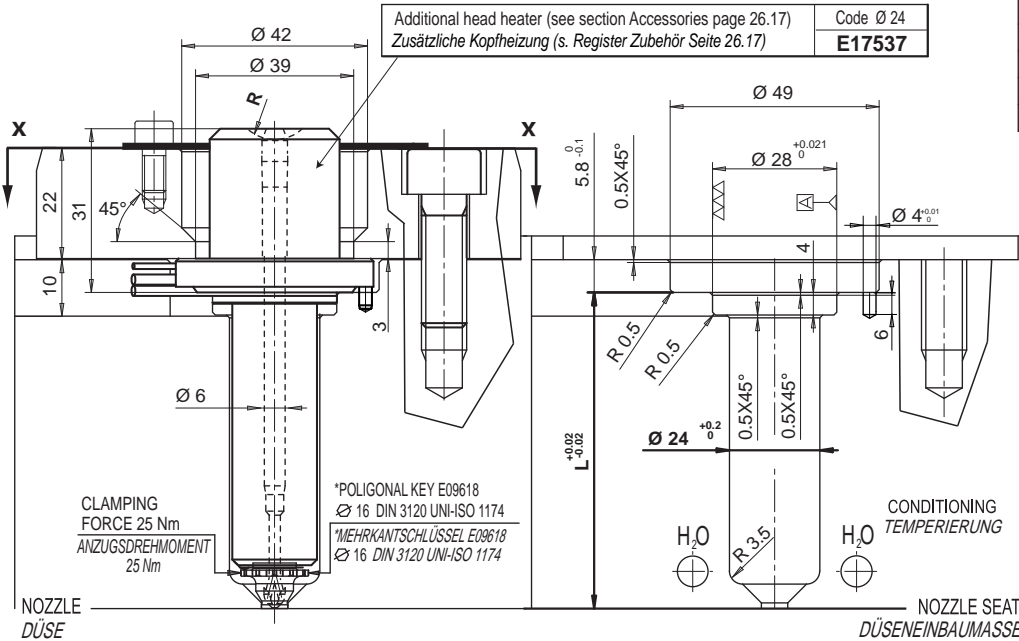

TIP / DÜSENSPITZE

0.9	09
1.0	10
1.1	11
1.2	12

In the processing phase the nozzle MUST NOT come into contact with the steel surface of the moving part of the mould.
In der Produktionsphase, darf die Düse nicht mit der Stahloberfläche der beweglichen.

VIEW FROM X / ANSICHT X

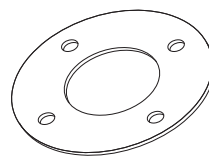

Injection diameter is approximate and could change depending on the injected volume of thermoplastic material and on the part wall thickness.

Der Durchmesser steht in Abhängigkeit des Volumens und der Materialstärke des Bauteils.

Seal ring is supplied with the single nozzles
Wird mit der Einzeldüse geliefert

Code \varnothing **E16749**
